Dear Mr. Doty:

Please accept this communiqué as a letter of appreciation and support for the work of the Doty Fund over the past years. HIV and Hepatitis remain as major health threats to the people of our community, the nation and the world.

We know that education is critical to preventing and combating these diseases and that community outreach is an effective educational tool. The Georgia Doty HIV & Hepatitis Community Outreach organization has devoted its singular attention to this task and the results have been encouraging.

I trust your ongoing efforts to secure additional resources to further broaden outreach efforts will be successful and that our community will continue to benefit from your good works.

Sincerely,
